## ART ENRICHMENT CLASSES

Gorilla Art provides schools with creative arts and craft afterschool enrichment classes. You pick the day!

When planning our art lessons we take a few things into consideration:

- 1) How can we connect the lesson to a real artist, or relate the lesson to the world around them? How can we support the curriculum they learn in school?
- 2) What new artistic technique can they learn and what new medium can they work with?

And finally, ***and the most important:***

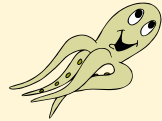

- 3) Are the lessons, engaging, imaginative and most of all—are they ***FUN?!***

We bring the creativity, supplies and teachers to you! ***All you have to do is provide a space!***
